

Venture Technology and Emerging Growth Companies

Overview

Launching a technology business requires dexterity. You face formidable challenges ranging from accessing capital to protecting your intellectual property, from recruiting and retaining top talent to relentlessly pursuing your first market-validating sale—a tall order that must be addressed in a fast-paced marketplace. To evolve your idea from inception to mature business, you need a legal and strategic advisor experienced in this terrain.

Leverage Dentons' network of global venture capital and investment banking relationships to pave your way forward. Build your emerging growth company alongside advisors who embrace your ideas and work tirelessly to guide them to fruition by leveraging our relationships across the ecosystem.

In addition, tap into Dentons' unparalleled resources and venture tech lawyers for startups and emerging growth companies, by visiting our newly expanded ventureBeyond microsite.

With global reach from offices in key technology markets around the world, Dentons offers a unique perspective on evolving industry trends and emerging market opportunities. Whether you're a company or an investor, you gain access to a strategic partner with the relationships and knowledge to power your success.
